**Our software
is certified:**

kompas® Digital Signage

kompas is one of the most powerful and flexible Digital Signage systems on the market. kompas offers Digital Signage users an intuitive interface built around drag-and-drop usability. More than 6.500 players in Germany alone are controlled by kompas, making it the driving force behind one of the largest Digital Signage networks in the country. The kompas software is stable and relies on HTML5. Another part of the kompas family of products is the award-winning kompas wayfinding.

www.kompas-software.com »

kompas® wayfinding

The kompas wayfinding system provides visual, easily comprehensible directions to visitors. The system features a simple, multilingual touchscreen interface. kompas wayfinding also works as a powerful planning and marketing tool, providing important feedback to its operators about what people are actually looking for.

FairMate® visitor management

FairMate offers intelligent visitor management for trade fairs, conventions, events and exhibitions of all sizes.

FairMate

FairMate is the complete visitor management solution for trade fairs, events and exhibitions of any size. The flexible and powerful system combines tools for entry, ticketing, marketing and administration all in one and covers every aspect of the visitor management process – before, during and after events.
